

## UNDERSTANDING YOUR OBJECTIVES

What does success look like?

What are your values?

What are your objectives?

What are your constraints?

**Which and how do changes in climate variables interact with the objectives of your decision?**

<b>Climate variable</b>	<b>Objective 1</b>	<b>Objective 2</b>	<b>Values</b>
Average temperature			
Extreme temperature			
Average rainfall			
Extreme rainfall			
Drought			
Sea level rise			
Bushfires			
Wind
